

## **Sleep Apnea Symposium**

Oregon AGD Annual Meeting

### **Overview**

Sleep apnea and sleep breathing disorders affect many disciplines of medicine and dentistry. Assessment, recognition and appropriate therapy requires a comprehensive understanding of this condition. Local experts from different medical and dental disciplines will be discussing the dentist's role in the recognition and treatment of sleep apnea. This symposium will conclude with a question and answer panel with our speakers, which will include a Sleep Specialist, Cardiologist, Orthodontist, Sleep Apnea Dentist and Ear Nose and Throat Specialist.

### **Objectives:**

- Understand signs and symptoms of sleep apnea.
- Learn when it's appropriate and how to refer for a sleep study.
- Understand the dentist's role in treating sleep breathing disorders.
- Learn how young the relationship between orthodontics and breathing problems develop and when to begin interceptive treatment.
