

Oregon Academy of General Dentistry  
**Emergencies in the Sedated Patient  
 a Hands-on Simulation course using the SimMan by Laerdal**  
 with Dr. Kenneth L. Reed

This unique and challenging program provides a clinical simulation experience that addresses the proper assessment and management of complications associated with moderate sedation and general anesthesia. Following a brief introduction explaining essential principles, participants will demonstrate appropriate patient management on human patient simulators. (Laerdal SimMan).

**CE Credit:** 4 participation CE hours

**Tuition:** AGD Member: \$595, Non - AGD Members: \$800

**Location:** OHSU School of Dentistry CE Clinic, Portland OR

**Objectives:**

- Describe and demonstrate appropriate components of an adequate primary assessment.
- Discuss various anatomical and pathologic causes of airway obstruction and demonstrate their recognition and appropriate management.
- Describe and demonstrate the recognition and appropriate management of respiratory depression, distinguishing it from airway obstruction.

**2011 Clinic Session Options**

March 1st (8:00am to 12:00pm)    March 29th (8:00am to 12:00pm)    June 21th (8:00am to 12:00pm)  
 March 1st (1:00pm to 5:00pm)    March 29th (1:00pm to 5:00pm)

*The course is limited to 10 participants in each session*

**About the Course Director:** Dr. Kenneth L. Reed

Dr. Reed is a member of the Board of Directors of the American Dental Society of Anesthesiology (ADSA) and holds Fellowships in both the ADSA and Academy of General Dentistry (AGD). Dr. Reed is a Diplomate of the National Dental Board of Anesthesiology. His involvement in the ADSA continues as the Assistant Editor of Anesthesia Progress as well as serving on the Editorial Review Board of that journal. Dr. Reed is a journal reviewer for General Dentistry, the journal of the AGD and Special Care in Dentistry, the journal of the Special Care Dentistry Association.
